

Pakistan's committees, held and moved by Mashreq

A partnership proposal from Halqa

Taha Kayani, Chairman, Halqa

29 September 2026

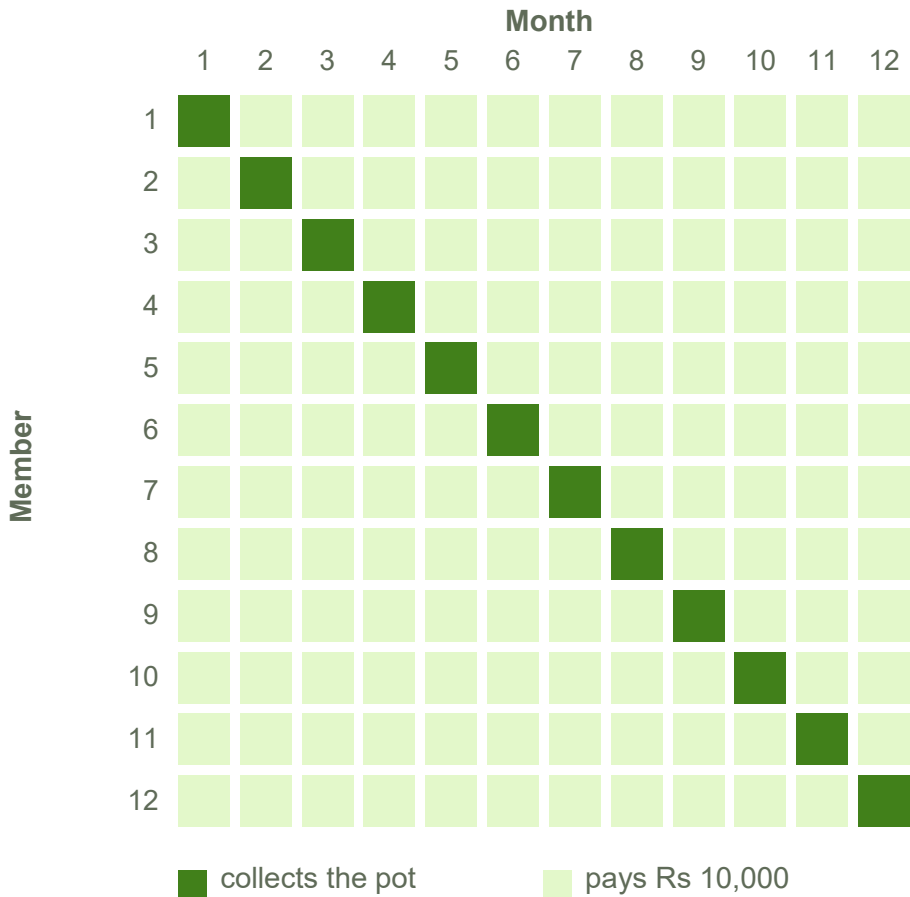

Halqa runs Pakistan’s committees; Mashreq holds every rupee and gains the customers.

The habit	4 in 10 Pakistanis save in committees, in cash.
The proposal	Halqa runs each circle; members pay and collect through Mashreq accounts.
For Mashreq	6 to 20 accounts a circle; Rs 2.4 billion of deposits per 100,000 members; a repayment record on each member.
To start	A one month pilot with about 1,000 members.

Sources 1 Karandaaz and Oraan estimates, Dawn, 12 December 2022 2 Mashreq Bank Pakistan half year report to 30 June 2026, at the bank’s own average deposit

A committee is a savings circle: all pay in monthly, and one member takes the pot.

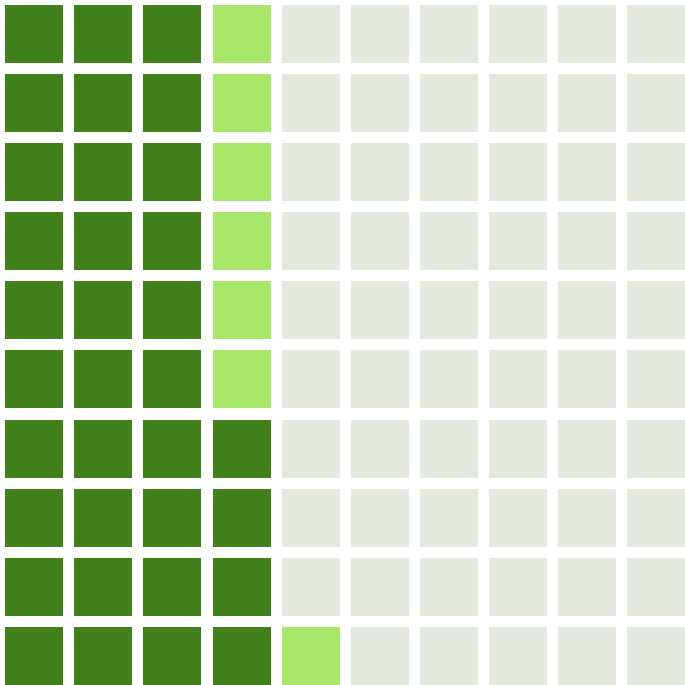

First turn gets Rs 120,000 now; repays it over the year, interest free

12 × Rs 10,000
paid in each month, and taken by one member

Last turn saves every month, to a deadline the group enforces

About four in ten Pakistanis save this way: an estimated Rs 4 trillion a year.

■ 34%, Karandaaz [1]

■ 41%, Oraan [1]

About 100 million

people, on the higher estimate [2]

Rs 4 trillion

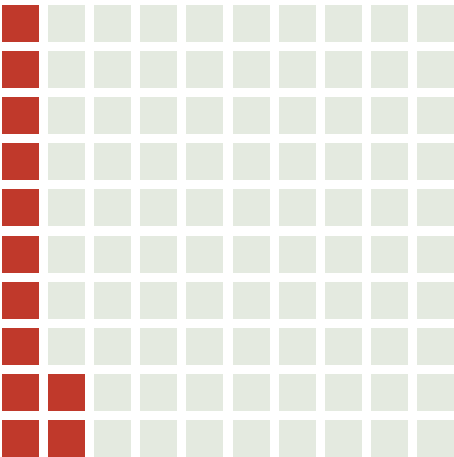

a year through committees, estimated [1]

Twice

as many women as men take part [3]

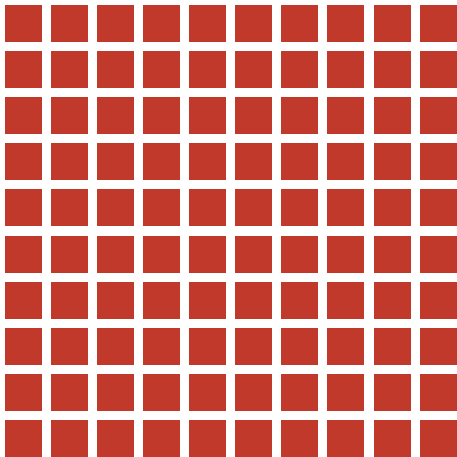

Sources 1 Karandaaz and Oraan estimates, Dawn, 12 Dec 2022 2 PICG case study on Oraan, 2024 3 Financial Inclusion Insights survey data, in Mehmood et al. 2018

Committees run on cash and trust, so savers lose money and build no record.

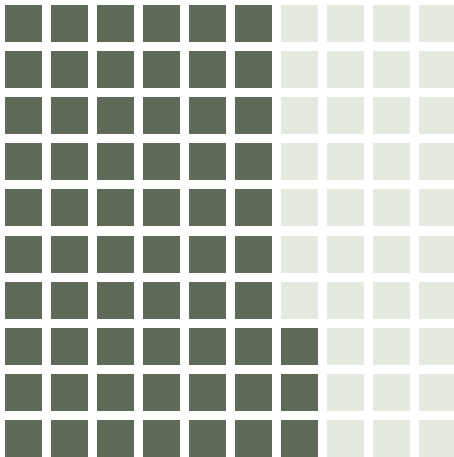

12%

of users have lost money to fraud [1]

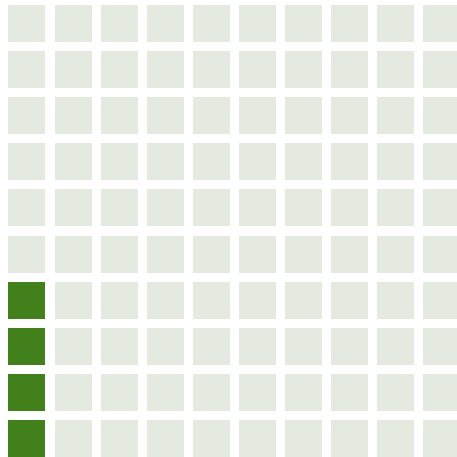

100+

committees lost about Rs 420 million with one organiser, 2022 [2]

63%

of savers keep cash at home [1]

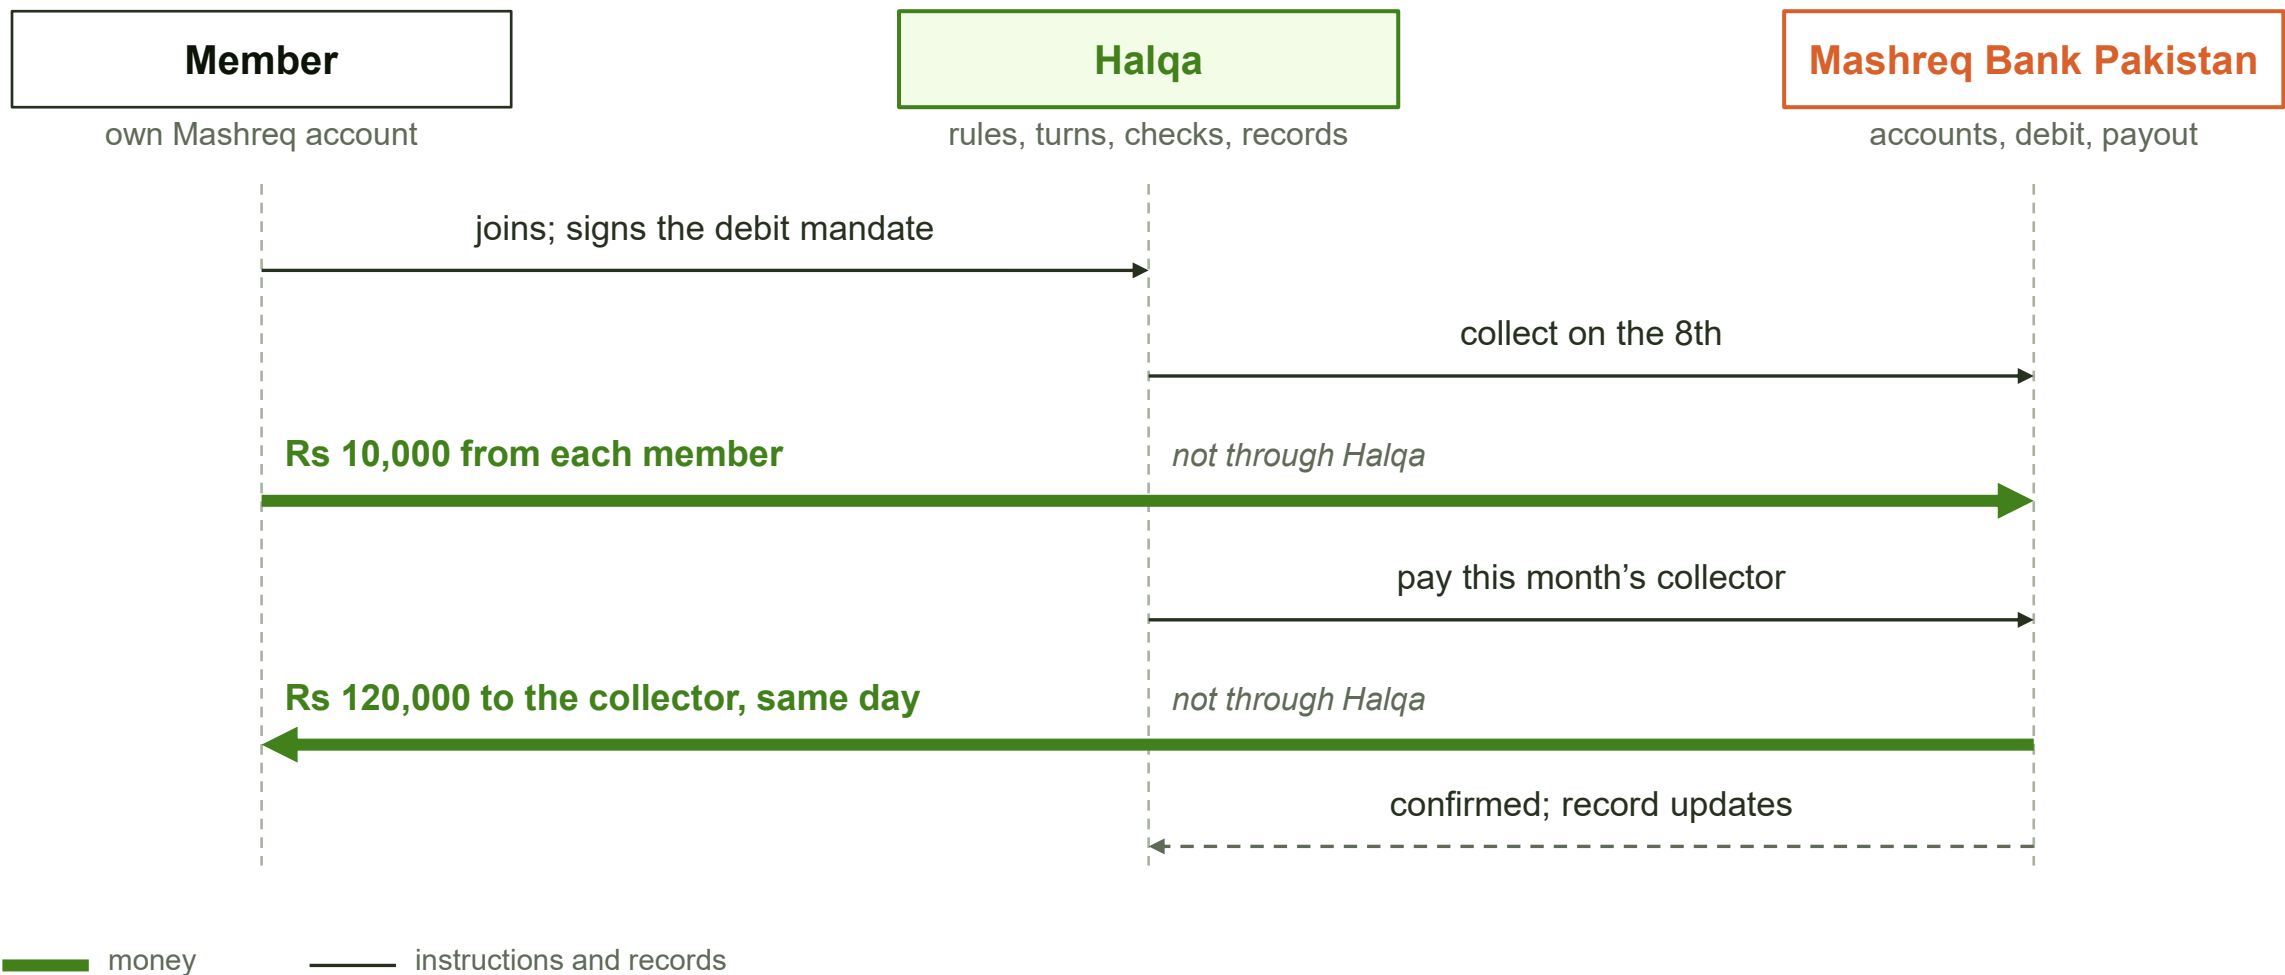

4%

of savers use a bank [1]

No on-time payment reaches a credit bureau.

Sources 1 Financial Inclusion Insights survey data, in Mehmood et al. 2018 2 Dawn, 5 and 12 Dec 2022; Arab News, 10 Dec 2022

Halqa is the system; Mashreq is the machine that holds and moves every rupee.

Each circle opens 6 to 20 Mashreq accounts at once, through a host its members trust.

In Mashreq’s own words

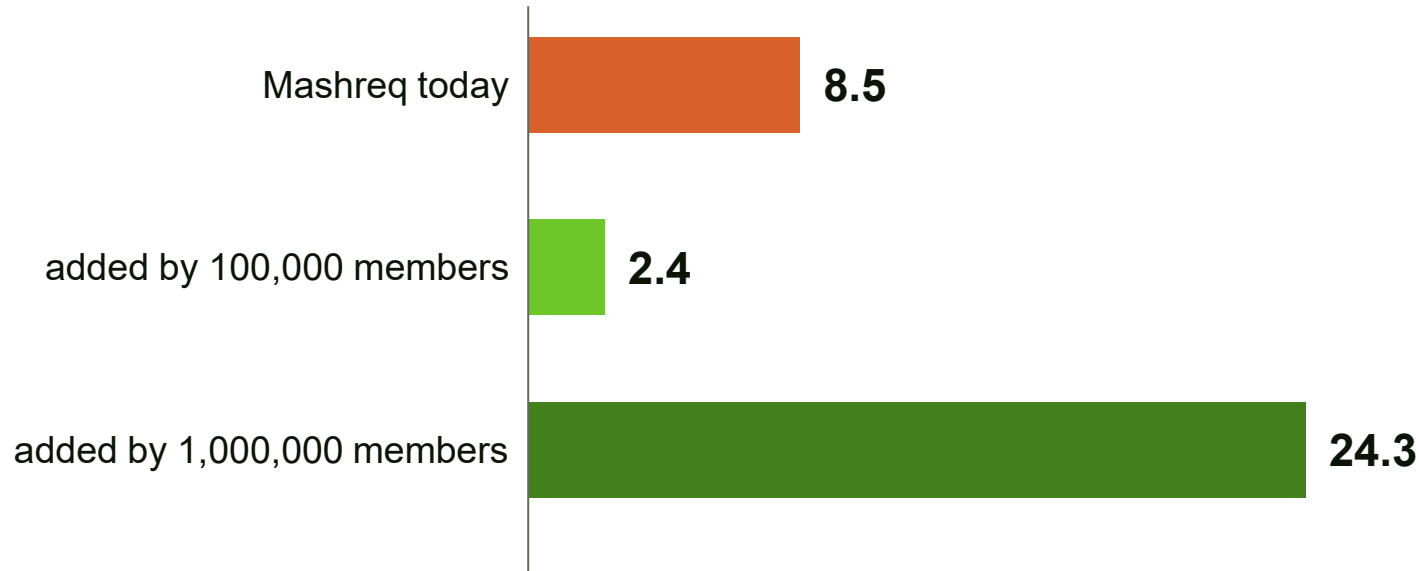

“Customer acquisition during the period was primarily driven through strategic partnerships.”

Mashreq Bank Pakistan, half year report, 2026 [1]

At Mashreq's own average deposit, 100,000 members add about Rs 2.4 billion.

Deposits, Rs billion

+29%

more customers from 100,000 members,
on 350,000 today

7 days

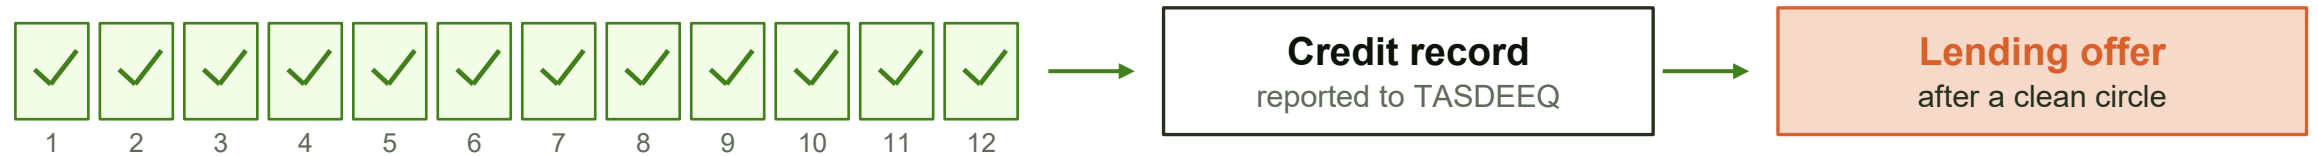

each instalment waits in a Mashreq
account, payday to the 8th

Rs 8,515 m of deposits ÷ 350,000 customers = about Rs 24,000 each, 30 June 2026 [1]

Every instalment becomes a repayment record Mashreq can lend against.

One member, one circle, twelve instalments

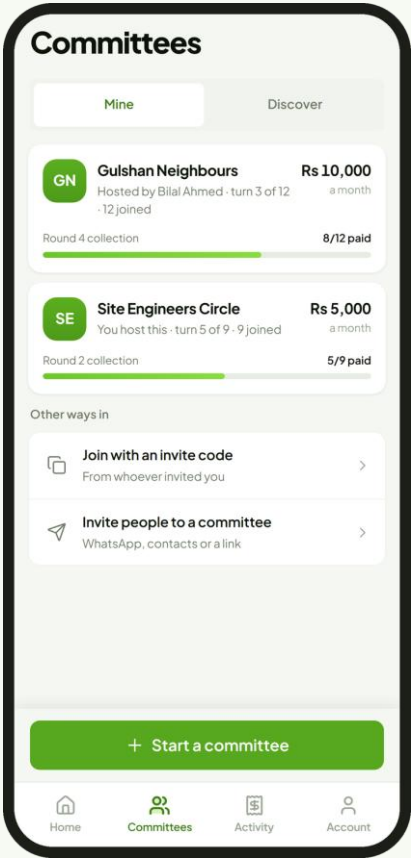

+168 points

average credit score gain in US lending circles reported to the bureaus [1]

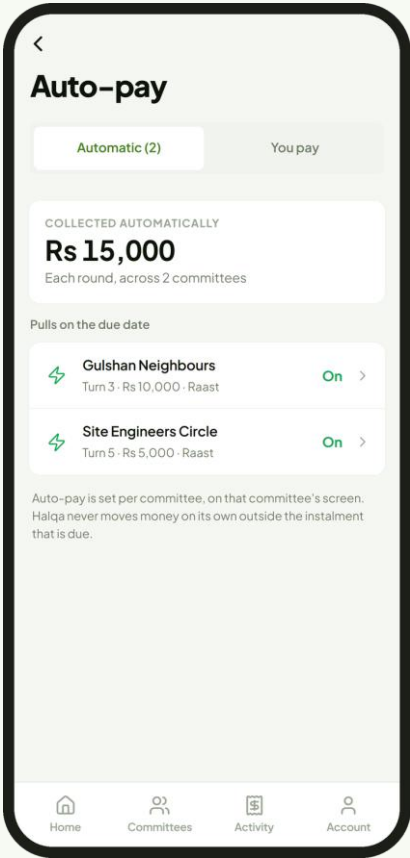

A first loan book

Mashreq reported no advances at 30 June 2026 [2]

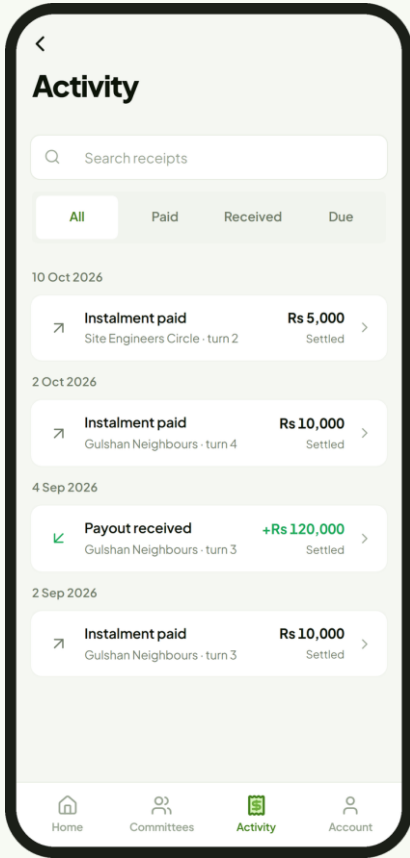

Members join, pay automatically, collect and build a record in one app.

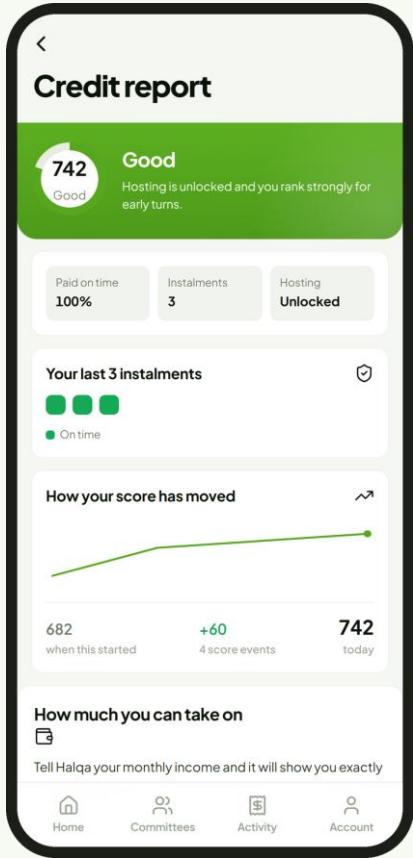

1 Join a circle

2 Pay automatically

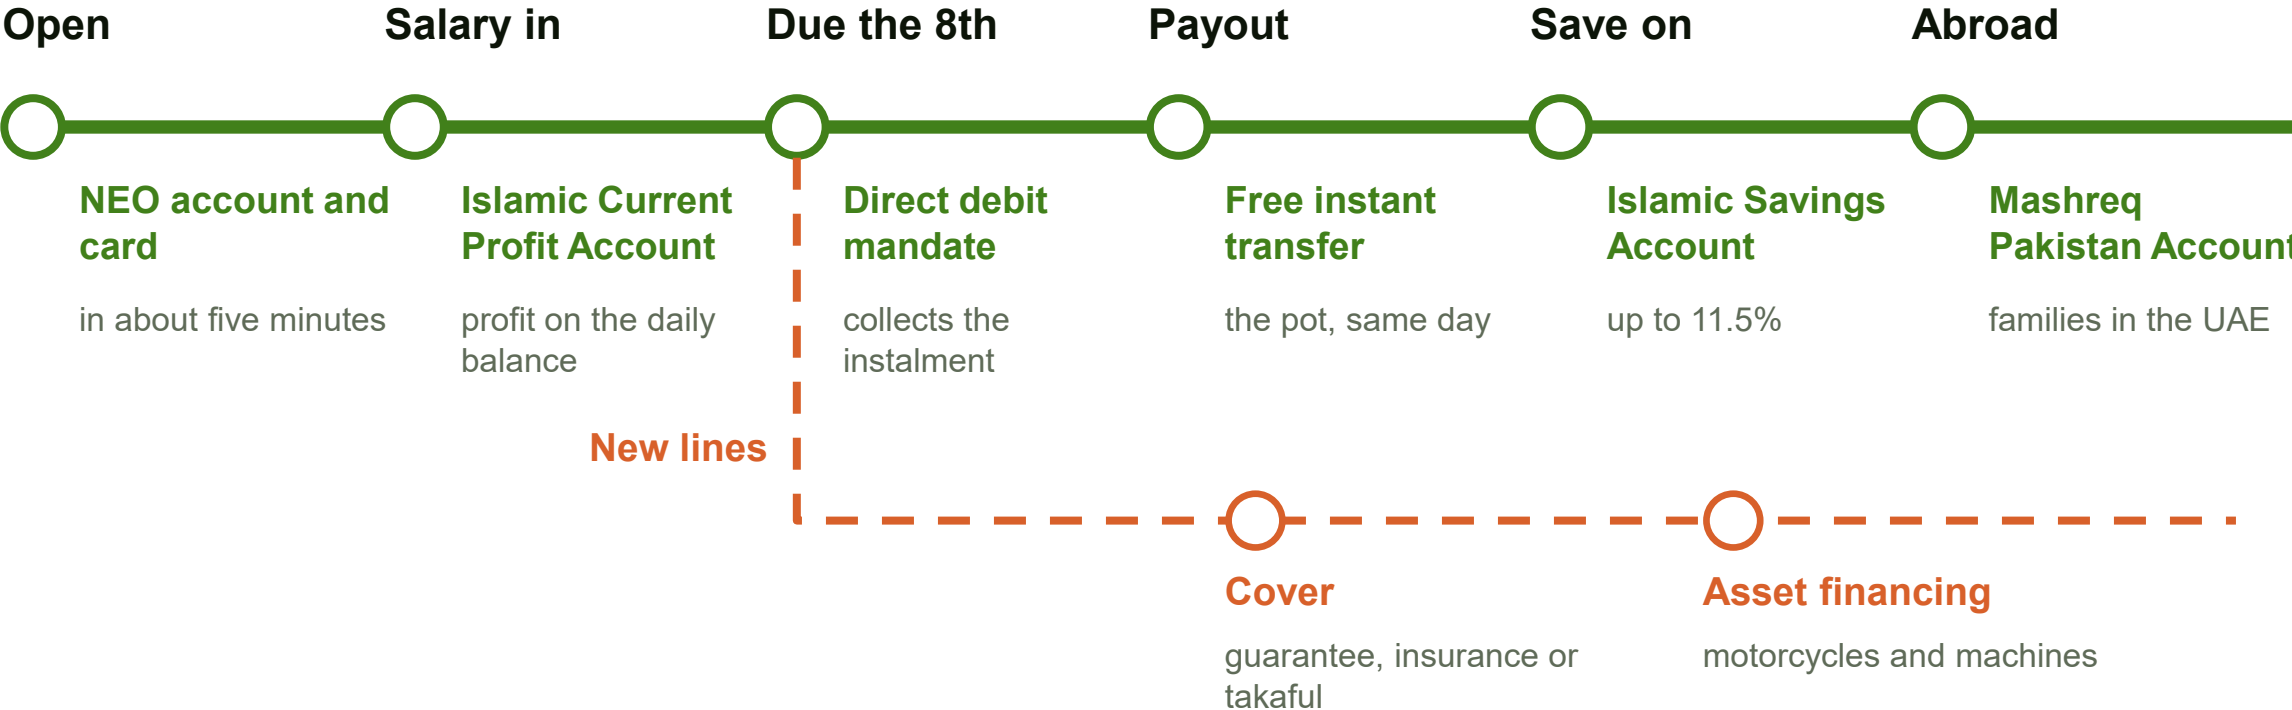

3 Collect the pot

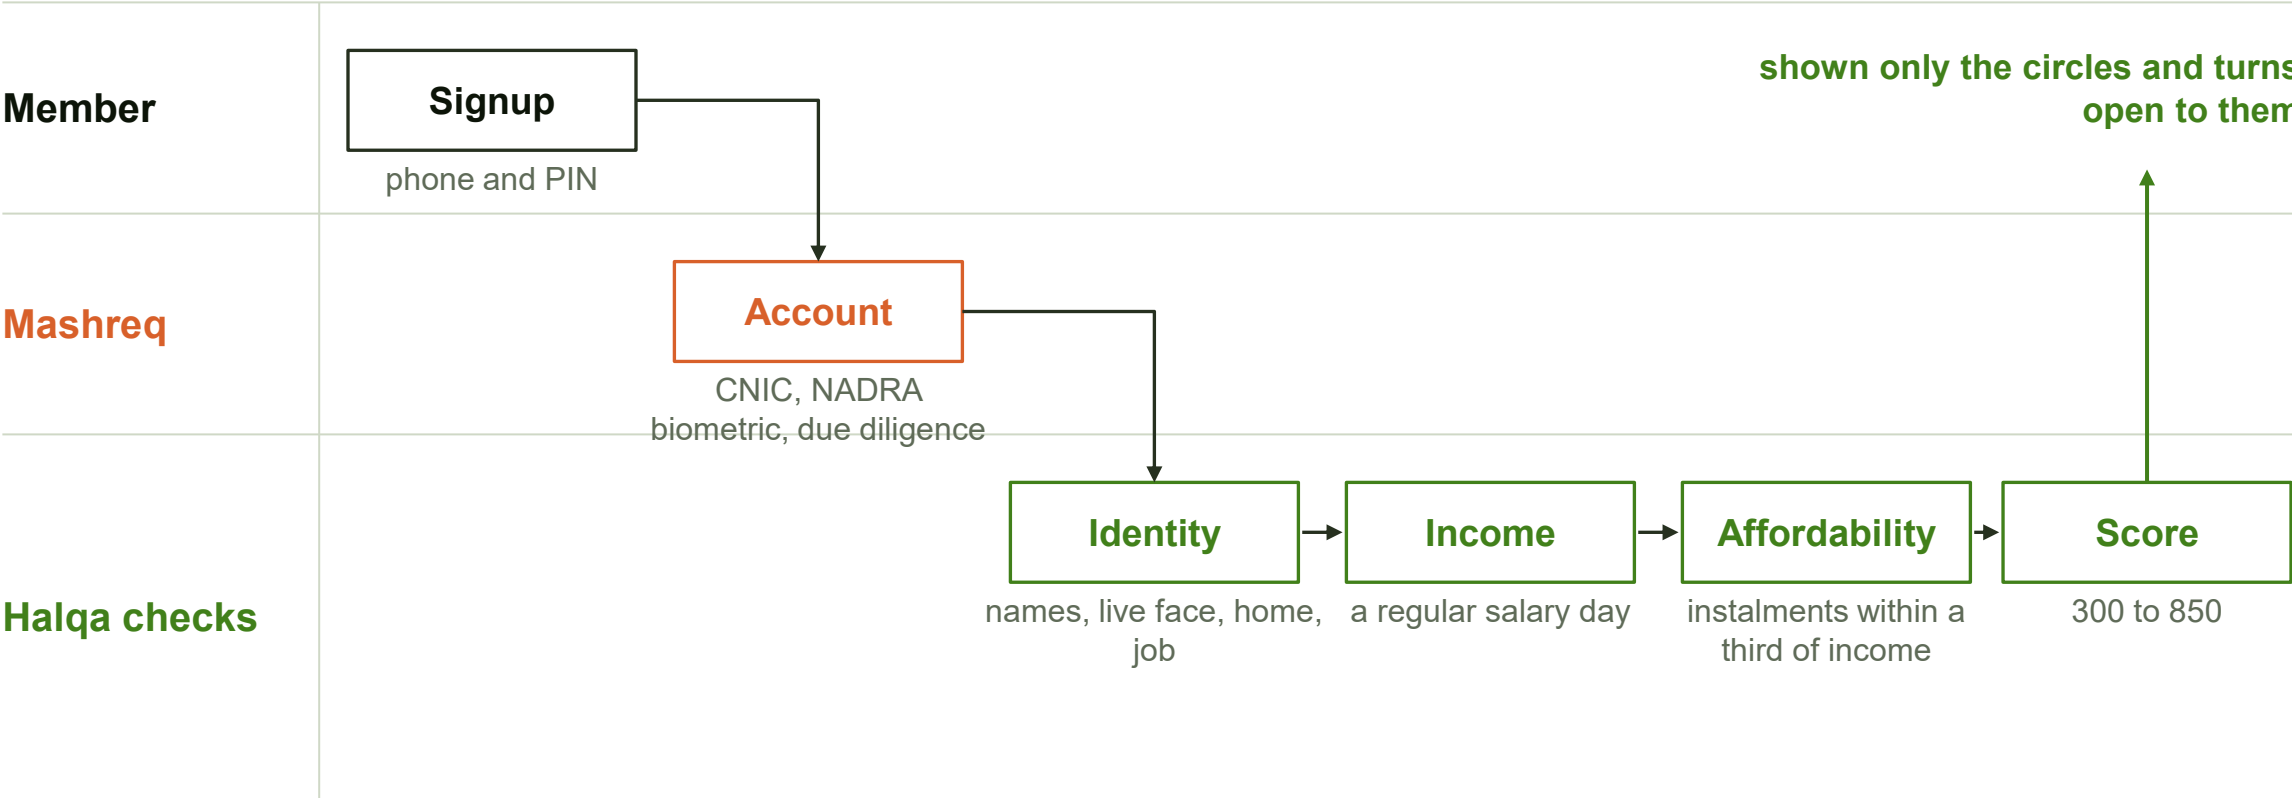

4 Build a credit record

It runs on Mashreq products that already exist, plus two new lines.

☒ required
 ☐ not required
 Known: family, colleagues or neighbours.

All the risk sits in the early turns, so only proven members may take them.

Still owed after collecting, Rs thousand: circle of 12 at Rs 10,000

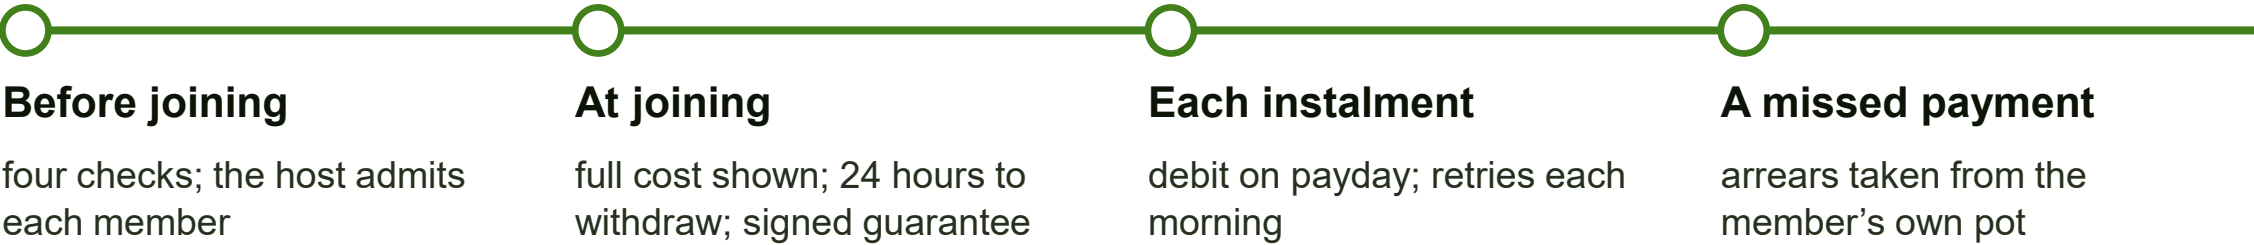

Rs 110,000

the most anyone can owe: turn 1 of 12

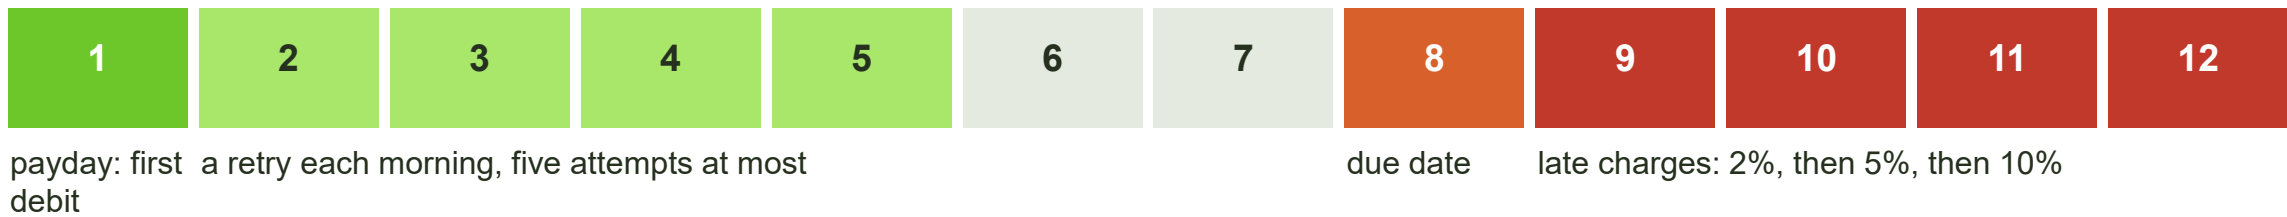

Last 3 turns

where every new member starts

Four checkpoints stop most missed payments before they happen.

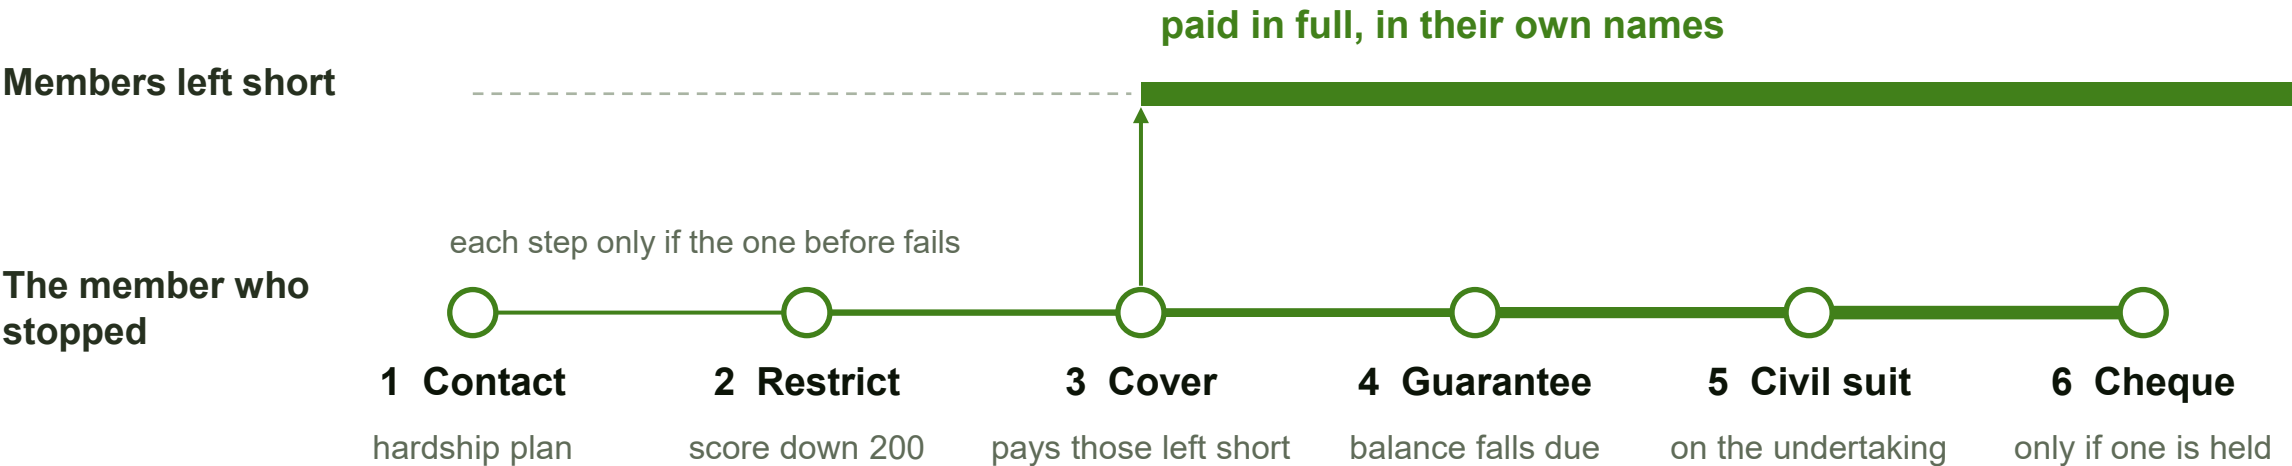

One instalment, day by day

Each late step also lowers the score: **10, 20, then 40 points.**

Source Default Prevention (HQ-CP-05); State Bank 40 per cent consumer finance limit, BPRD Circular Letter 29 of 2021

If a member stops after collecting, cover pays the others first; recovery follows.

About 5.5%
of the instalment prices the cover [1]

Mashreq chooses
guarantee, insurance or takaful

Never
relatives, contact lists or public names

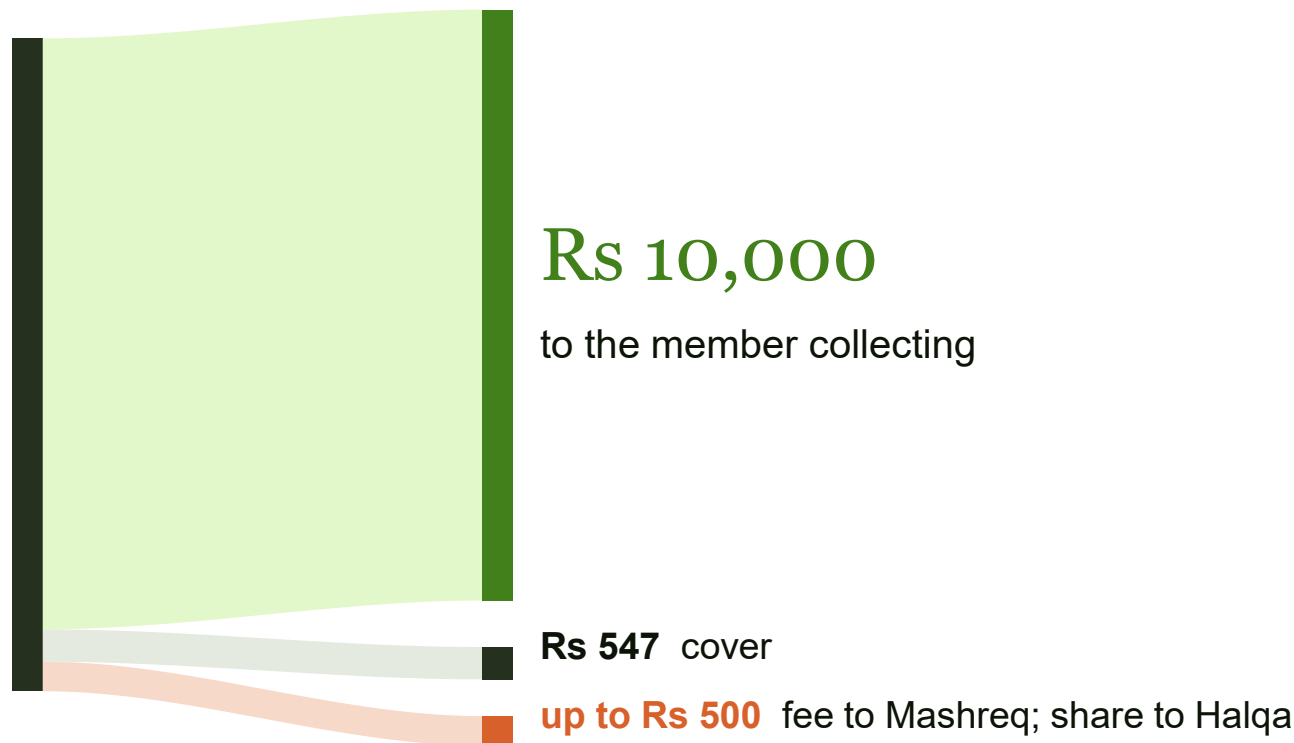

Source Takaful Cover Pricing Model (HQ-MF-05): one circle in five losing a fifth of its members from the earliest turns

Each instalment splits three ways, and Mashreq shares its fee with Halqa.

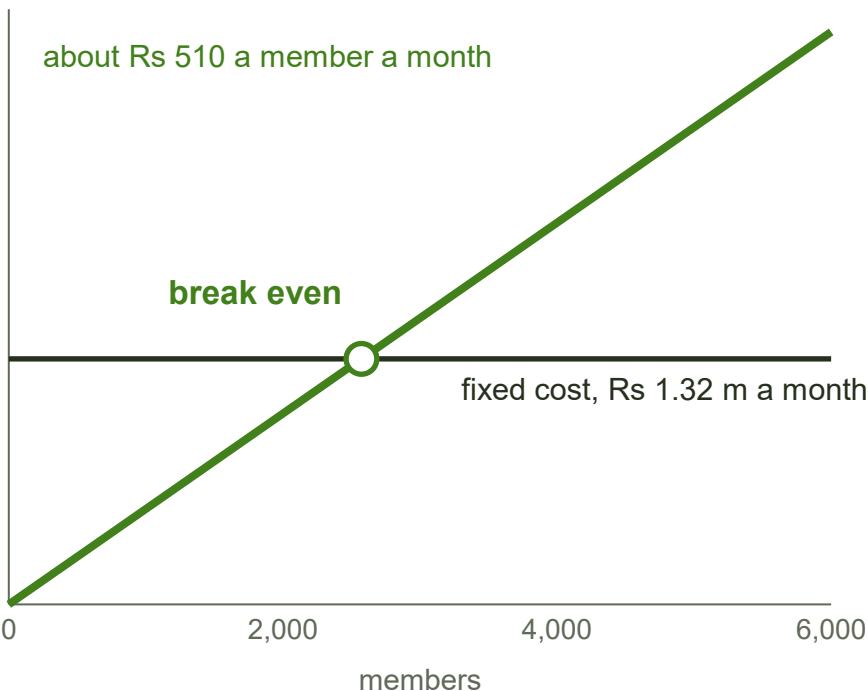

One instalment, circle between strangers

the member pays Rs 11,047

Halqa covers its own costs at 2,572 members

Every team at Mashreq gets a direct answer.

Team	The answer	Slides
Business	6 to 20 accounts a circle; Rs 2.4 billion per 100,000 members	7, 8
Risk	early turns only for proven members; cover pays first	14 to 16
Compliance	Mashreq holds all money; Halqa is its service provider	6, 22
Technology	account, debit mandate and payment interfaces; daily reconciliation	11, 24
Finance	Mashreq keeps the fee and shares it; profit on balances	17
Shariah	no interest; flat fee; late charges to charity; takaful	15, 16

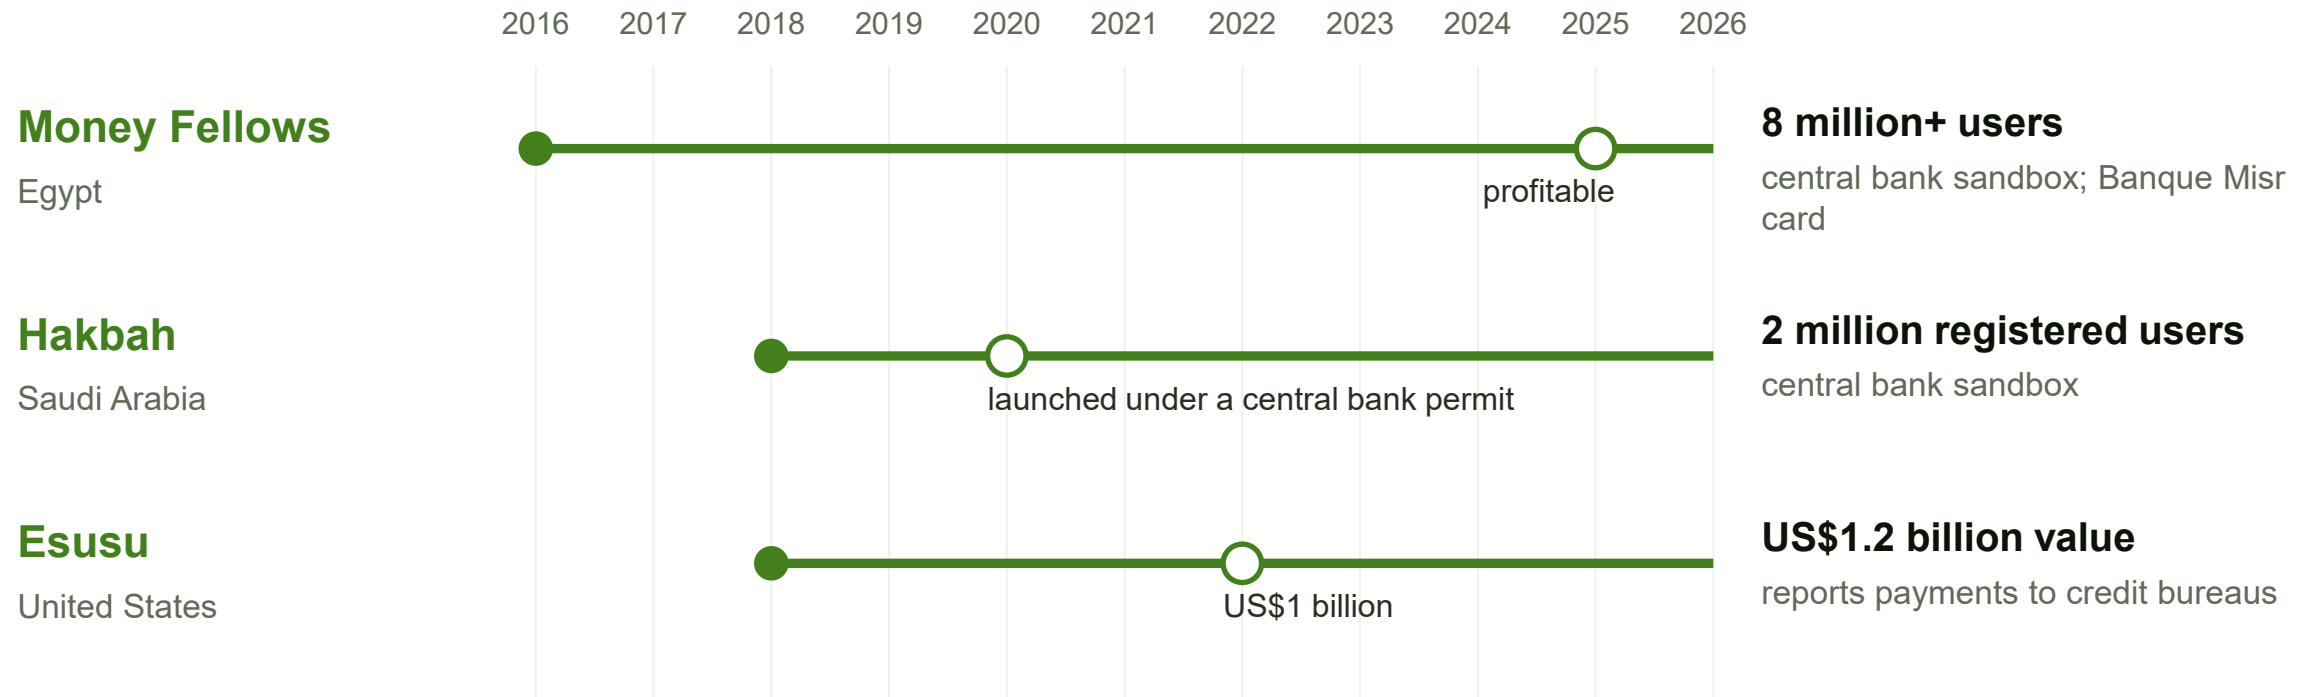

Only this model keeps money in a bank, charges one fee and builds a credit record.

Abroad, committee apps reached millions by working inside the formal system.

Each grew with a regulator, a bank or the credit bureaus behind it.

Payments went digital, committee savings did not, and a wallet has already moved.

Share of retail payments made digitally

Aug 2026

JazzCash launched a committee feature, 60 million customers behind it

26%

of adults are financially literate; a committee needs none

75% by 2028

the State Bank's target for adults with an account, from 64%

Regulation comes through Mashreq, with Halqa as its service provider.

State Bank of Pakistan

Mashreq: licence, accounts, payments

Halqa: service provider

rules, checks, application, records

outsourcing framework: audit rights for Mashreq and the State Bank

“... digital financial services especially to unserved and underserved segments of the society”

State Bank, aims of the digital bank framework, 2022 [1]

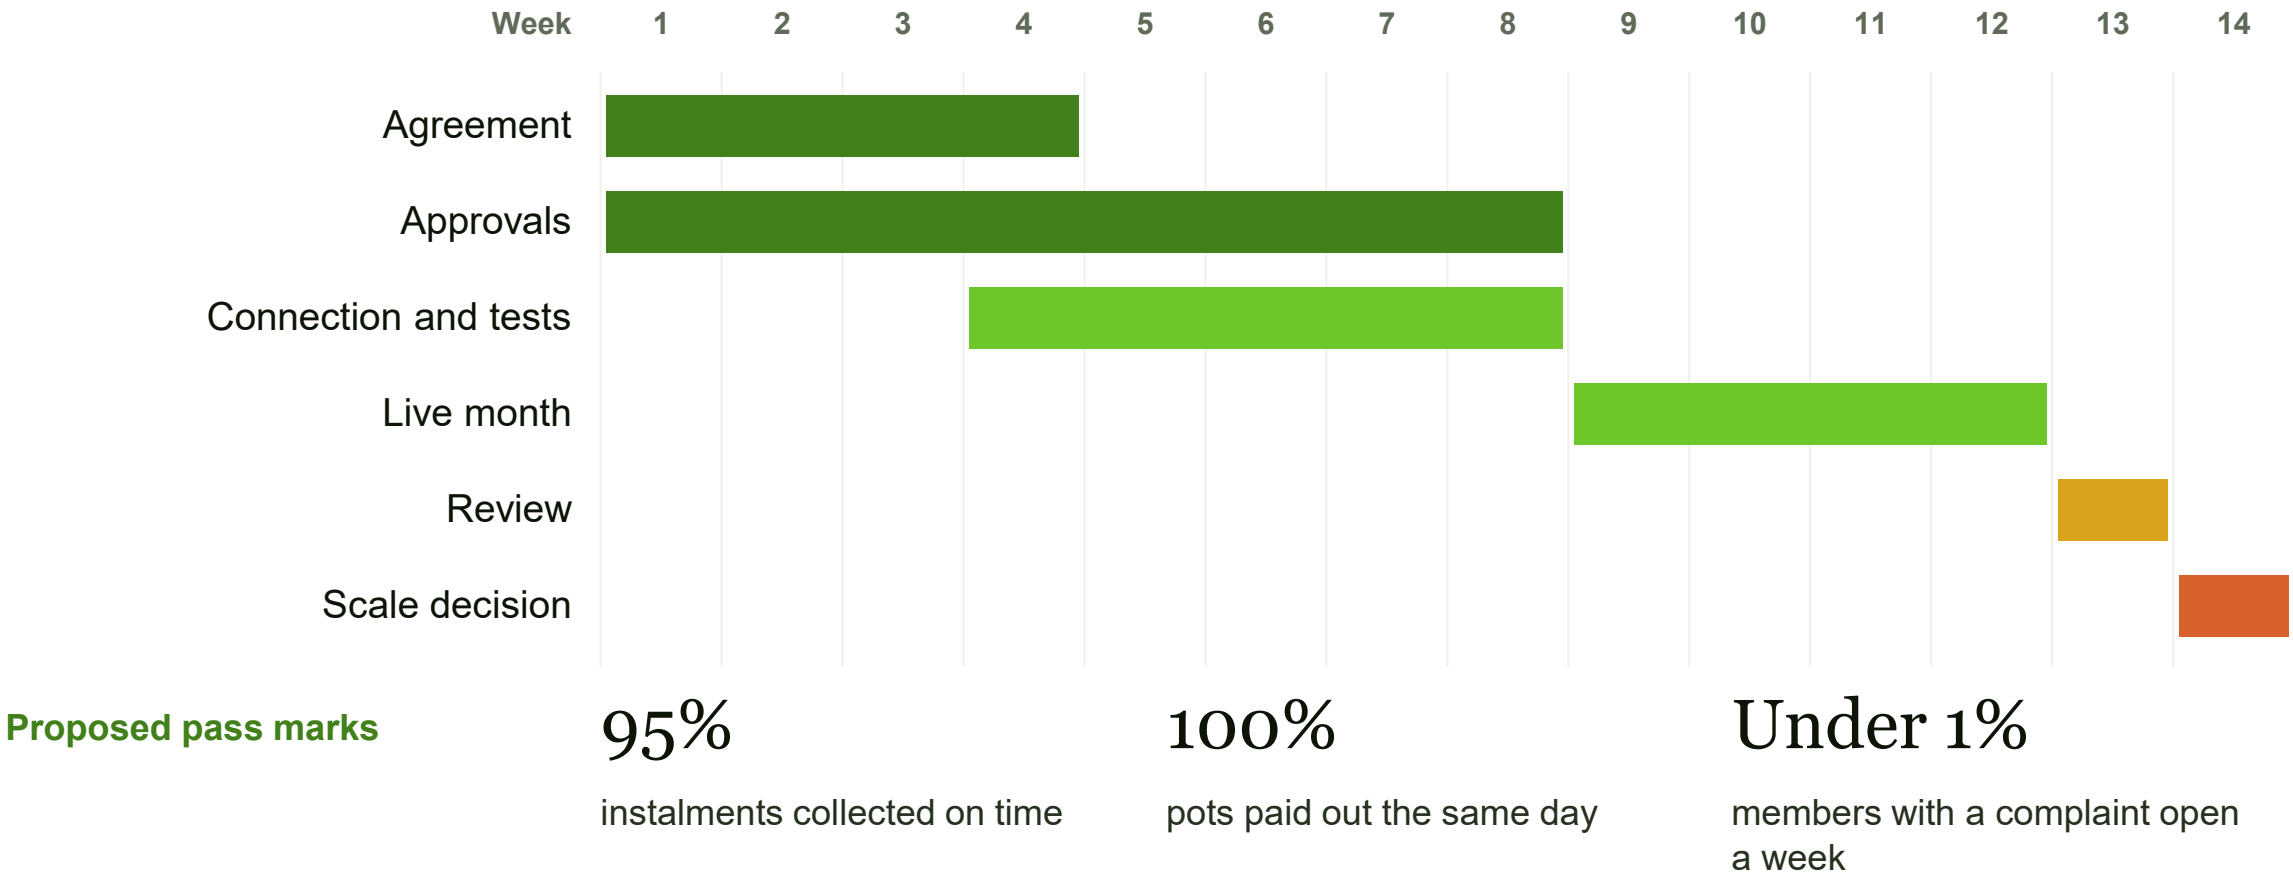

The product goes to the State Bank through Mashreq.

The product is built; the company, the agreement and the connection come next.

Built	Written	Next
The app, in preview	Legal position: twelve laws	Incorporation
Identity, income and score checks	Six risk and pricing models	Agreement and State Bank path
Payday collection	Prevention and recovery design	Connection, then the pilot

No member money has moved: every payment today is a test record.

A 14 week plan ends in one live month with about 1,000 members.

Six decisions start the pilot.

1 Approve the partnership

2 Take the product to the State Bank

3 Approve it for the Islamic window;
choose the cover

4 Accounts and mandates inside the
Halqa app

5 Instalments held in the Islamic Current
Profit Account

6 Agree the income share and the pilot

Halqa is the system. Mashreq is the machine.
